**Welcome To
Weequahic High School
where the adults are in charge and
the Students are the greatest.**

**279 Chancellor Avenue

Main Office 973-705-3903
<https://www.nps.k12.nj.us/weq>**

Dear Weequahic Graduates,

“All men are told the physical law and all laws have causes. The causes of obeying this law gives you the true effect. The true effect is the elevation of the mind. The mind is the master. Also as the master elevates so will your senses.”

The above quote is the opening paragraph of a very special passage that I keep near to my heart called, “The Physical Law.” For years I have kept this passage in my mind because it has had a profound impact on my life in so many ways and has given me the ability to actually understand the value of my mind through the application of knowledge of self. Thus I’m grateful to share this very same jewel with each of you.

This year marks a level of achievement that sets the stage for an awesome life of milestones, accomplishments and achievements that you will all earn. Your completion of the 12th Grade here at Weequahic High School is officially your first step toward the path of higher education. Not only is it your first step to destiny, it's your first step to implementing the necessary change this world needs to understand your value as a proud student of the Newark Public Schools. Your task will be tough and your journey will be rough, because along the way your quest will be challenged by many on your journey to college and career path advancements.

Today you will prove the entire world wrong and change the negative perception and stereotype that has been placed upon all of us by the very ones who doubt our universal commitment to greatness. The adults here have told you daily to have self pride, that you are intelligent and wise and that you must stand strong and tall regard to whom or what because your mind is what makes you most powerful!

Now you have reached the point where you must show and prove. The college and the career path you choose will be no easy task. However a focused mind and a close connection to your parents and loved ones will help you persevere through all things. Always remember that your word is bond and bond is life. Proper Education Always Corrects Errors.

Intellectual Prominence, Infinite Power, Indian Pride. (IP)

"The bad news is time flies. The good news is you're the pilot." - Michael Altshuler-

To the class of 2022,

*I'm going to miss each and every one of you! My babies! I couldn't have asked for a better class of students to be the first class I got to teach at Weequahic High School and because of that I could never forget any of you. We had so much fun together, we learned together, we even got upset with each other at times, but at the end we all grew together. You've made it to graduation and I couldn't be any more prouder of you all. Even though I was the teacher, I've learned so much from you all **NO CAP** (lol). Like I've always told you all in my classroom, "once your teacher, always your teacher!" I will be here whenever you all need me, need help editing your college papers, or just need someone to listen to you. Make sure y'all come to visit me at-least once!*

*Love Always,
Ms. Blamah-Sah

From Ms. Clark:

To the class of 2022 Jobs for America's Graduates (JAG) students, some would say that today is an ending. This ending comes with celebration, because in actuality, this day marks a new beginning - a new challenge and a new road leading to the next level of you.

Remember the soft skills that were learned, the case studies presented when you start your careers after high school or after post secondary education.

Ms. Clark

Mr. Bashir Muhammad Ptah Akinyele teaches history and Africana studies. He has been teaching for the past 27 years because it allows him to teach his students of the contributions made by Black people to our communities and the world. This knowledge strengthens students' resolve and encourages them to achieve and excel in life. Thanks to Mr. Akinyele, students see the impossible as possible.
